

Testimonials:

Pete Gibson: Withernsea Sands Holiday Park

“UrbanCrazy have done a cracking job of designing and building our new mini-golf course. The crew met my expectations, carrying out the work quickly and competently. Our little part of the country can have four seasons in one day, but the course has held its own. We would 100% recommend UrbanCrazy to other sites that want to set up a course.”

Abbie Flower: Weymouth Bay Holiday Park

“I was very happy with the speed in which UrbanCrazy carried out the design and installation of our new crazy golf course. The company met our budget and were very adaptable for our needs. Since its completion the course has stood up well and been very popular.”
